Premium Sustainable Tableware Collection

Naturally Designed | Responsibly Crafted | Globally Trusted

Bagasse & Areca Leaf Tableware
Solutions for a Plastic-Free Future

Who We Are ?

A Sustainable Tableware Partner from India

At AWYAY Group of Companies, we believe sustainability is not just a trend it is a responsibility.

We collaborate with carefully selected manufacturing partners to deliver high-quality biodegradable tableware solutions that combine:

- ✓ Natural materials
- ✓ Advanced manufacturing standards
- ✓ Food-contact safety
- ✓ Export-quality packaging
- ✓ Consistent supply capability

Our mission is to help global businesses transition from conventional plastics to responsible alternatives without compromising performance, presentation, or reliability.

Driven by quality, transparency, and long-term relationships, we ensure every batch reflects the excellence and elegance of Tableware.

Our export operations are professionally executed through AVEVA INTERNATIONAL, our licensed export entity handling international trade documentation and compliance requirements.

The Challenge

Plastic convenience has created a global waste crisis.

Traditional disposable tableware takes hundreds of years to break down, leaving behind environmental damage.

The Change

Choose Nature. Choose Responsibility.

Our Bagasse & Areca Leaf Tableware provides a sustainable alternative — combining natural materials, modern functionality, and premium design to help businesses move towards a greener future.

Our Products

1. Bagasse Tableware

Made from Sugarcane Fiber — A Renewable Agricultural Resource

Bagasse is the fibrous material remaining after sugarcane juice extraction. Through advanced processing, it is transformed into durable, food-safe tableware.

Key Features:

- **100% food-grade material**
- **Lightweight yet strong**
- **Oil-resistant options available**
- **Suitable for hot and cold foods**
- **Microwave compatible options**
- **Commercially compostable options available***
- **Plastic-free alternative**

(*Subject to certification and market requirements)
